SPL INDUSTRIES LTD.

STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 IN RESPECT OF SPECIAL BUSINESS SET OUT IN THE NOTICE.

ITEM NO. 4

The Board of Directors of the Company intends to raise such sum or sums of money from time to time as may be required for the purpose of the business of the Company, notwithstanding that the money to be borrowed together with the money already borrowed by the Company (apart from "temporary loans" as explained in section 180(1)(c) of the Companies Act, 2013 obtained by the company in the ordinary course of business) may, at any time, exceed upto a sum of Rs. 100 Crore (Rupees One Hundred Crore only) over and above the aggregate paid up capital of the Company and its free reserve (that is to say reserve not set apart for any specific purpose) on such terms and conditions as the Board may consider necessary and expedient in their absolute discretion.

However, as per Sec 180(1) (c) of the Companies Act, 2013, the Board of Directors of a public company, shall not, except with the consent of the shareholders by a Special Resolution, borrow money, where the moneys to be borrowed, together with the moneys already borrowed by the company (apart from temporary loans obtained from the company's bankers in the ordinary course of business) will exceed the aggregate of paid-up capital of the company and its free reserves.

Since funds are continuous requirement of an organization and capital is base component of any project, keeping in view of broad based operations of the Company, its enhanced capital requirement and for its operational efficiency, the Board recommends the resolution set forth in Item No. 4 for the approval of the Members as Special Resolution.

None of the Directors or Key Managerial Personnel or their relatives have any concern or interest, financial or otherwise, in passing of the said Resolution, except to the extent of their shareholding in the Company.

Item No. 5 to 7

**ANNEXURE-E TO THE BOARD'S REPORT****MANAGEMENT DISCUSSION AND ANALYSIS REPORT****GLOBAL ECONOMY**

In 2015, global economic remained subdued. Growth in emerging market and developing economies—while still accounting for over 70 percent of global growth—declined for the fifth consecutive year, while a modest recovery continued in advanced economies. Three key transitions continue to influence the global outlook: (1) the gradual slowdown and rebalancing of economic activity in China away from investment and manufacturing toward consumption and services, (2) lower prices for energy and other commodities, and (3) a gradual tightening in monetary policy in the United States in the context of a resilient U.S. recovery as several other major advanced economy central banks continue to ease monetary policy.

IMF FORECAST FOR FY 2017

Global growth is projected at 3.4 percent in 2016 and 3.6 percent in 2017. Growth in advanced economies is projected to rise by 0.2 percentage point in 2016 to 2.1 percent, and hold steady in 2017. Overall activity remains resilient in the United States, supported by still-easy financial conditions and strengthening housing and labor markets, but with dollar strength weighing on manufacturing activity and lower oil prices curtailing investment in mining structures and equipment. In the euro area, stronger private consumption supported by lower oil prices and easy financial conditions is outweighing a weakening in net exports. Growth in Japan is also expected to firm in 2016, on the back of fiscal support, lower oil prices, accommodative financial conditions, and rising incomes.

MAJOR DEVELOPMENTS IN FY 2015-16

The management plans to target as a mass market product in all over the World. It plans to launch the brand through the online route.

ABOUT THE INDUSTRY

The textile and apparel industry can be broadly divided into two segments - yarn and fibre, and processed fabrics and apparel. India accounts for 14 per cent of the world's production of textile fibres and yarns (largest producer of jute, second largest producer of silk and cotton, and third largest in cellulosic fibre). India has the highest loom capacity (including hand looms) with 63 per cent of the world's market share.

THE APPAREL INDUSTRY IN INDIA IS ESTIMATED TO REACH US\$ 141 BILLION BY 2021 FROM US\$ 67 BILLION IN 2014

Increased penetration of organised retail, favorable demographics, and rising income levels are likely to drive demand for textiles. India is the world's second largest exporter of textiles and clothing. Textile and apparel exports from India are expected to increase to US\$ 82 billion by 2021 from US\$ 40 billion in 2014. Readymade garments remain the largest contributor to total textile and apparel exports from India. In FY15-16 the segment had a share of 40 per cent of all textile and apparel exports. Cotton and man-made textiles were the other major contributors with shares of 31 per cent and 6 per cent, respectively. Rising government focus and favorable policies is leading to growth in the textiles and clothing industry. Foreign direct investment (FDI) in textile sector increased to US\$ 1587.8 million in FY15-16 from US\$ 1424.9 million in FY 14-15. The Ministry of Textiles is encouraging investments through increasing focus on schemes such as Technology Up-gradation Fund Scheme (TUFS). To promote apparel exports, 12 locations have been approved by the government to set up apparel parks for exports. As per the 12th Five Year Plan, the Government plans to provide a budgetary support of US\$ 4.25 billion to textiles. Free trade with ASEAN countries and proposed agreement with European Union will also help boost exports.

REVIEW OF BUSINESS SEGMENTS

The Company is an export house of garments. In FY 2015-16 the ratio of export & domestic sale of garments was 98.37:1.62.

OPPORTUNITY SPECTRUM- CHILDREN'S WEAR MARKET IS ONE OF THE MOST PROFITABLE SEGMENTS IN THE GLOBAL APPAREL INDUSTRY.

This segment was not affected by the meltdown on the global economy. Tech Navio's analysts Forecast the Baby Clothing market in the US to grow at a CAGR of 2.67 percent during the period 2014-2019. The developed and developing markets of infant garments depends on three major buying factors – the number of babies born, and the purchasing power of parents and the safety and quality standards of the apparels. The key drivers of the infant wear market are as follows.

- Extension of Product Lines to Baby Clothing: Existing players in the apparel market, primarily branded manufactures, are extending their lines of products to baby clothing.
- Demand for Comfort and Quality: The selection of clothing for babies is done judiciously by parents as they choose the best products for their newborn.
- Growing popularity of online shopping: The internet is valuable source of information for parents. The number of parent who research, deliberate, discover, and compare children's products on the internet is increasing each day.

DEMOGRAPHERS HAVE FORECAST A RECOVERY IN BIRTHS AS THE ECONOMY PICKS UP AND MORE YOUNG PEOPLE HAVE FAMILIES**INFANT APPARELS - ADVANTAGE INDIA**

As per the baby/infant garments import data published by Office of Textiles and Apparel (OTEXA), USA, China the largest exporter in this segment showed a subdued Y-o-Y growth of 0.90% year ended 2015. During the same year India had shown a growth of 9.11%. The import data for the same category year to date as on March, 2016 shows China having a (-) 13.11%. Even other Asian exporters also showed a negative growth, while **India showed a growth of 14.91% during the same period – a clear indication of growing acceptance for Indian made baby garments in USA.**

SPL INDUSTRIES LTD.

SUSTAINABLE PRACTICES

Caring our employees, customers, society and environment is Company's founding legacy. In alignment with our people approach, all our customers, mostly global leaders in infant apparels, strictly follow the Ethical Trading Initiative (ETI) while sourcing and hence the code of practice at SPL is mostly based on the ETI's base Code, which outlines the labour standards expected at factories.

Our customers follow third party as well as internal social audits to confirm that their suppliers comply with the code. The code briefly covers the following:

- Bribery and corruption is prohibited
- No forced labour
- Having employee welfare committees
- Safe and hygienic working conditions
- No child labour
- Wages are reasonable and fair
- Reasonable working hours
- No discrimination
- Regular employment
- No physical or verbal abuse
- Disciplinary and grievance
- Environmental impacts

RISK MANAGEMENT POLICY IMPLEMENTATION

In today's economic environment, Risk Management is a very important part of business. The main aim of risk management is to identify, monitor and take precautionary measures in respect of the events that may pose risks for the business. Your Company's risk management is embedded in the business processes. Your Company has identified the following risks:

Key Risk	Impact to SPL Industries Limited	Mitigation Plans
Commodity Price Risk	Risk of price fluctuation on basic raw materials like cotton, yarn, Chemicals, power as well as finished goods used in the process of manufacturing	The Company commands excellent business relationship with the buyers. In case of major fluctuation either upwards or downwards, the matter will be mutually discussed and compensated both ways. Also by focusing on new value added products helps in lowering the impact of price fluctuation in finished goods.
Uncertain Global economic environment—slow growth in global economy	Impact on demand and realization of Exports of Children wear	Infant wear by its very nature is not effected by slowdowns/ recessions, since Parents compromise on the infants needs as a last resort only.
Interest Rate Risk	Any increase in interest rate can affect the finance cost	Dependence on debt is very minimum and we have surplus funds with Banks to settle the entire debt in case the need arises.
Foreign Exchange Risk	Your Company exports all the products to USA and other European countries. Any volatility in the currency market can impact the overall profitability	The Company commands excellent Business relationship with the buyers. In case of major fluctuation either upwards or downwards, the matter will be mutually discussed and compensated both ways.
Human Resources Risk	Your Company's ability to deliver value is dependent on its ability to attract, retain and nurture talent. Attrition and no availability of the required talent resource can affect the overall performance of the Company	By continuously benchmarking of the best HR practices across the industry and carrying out necessary improvements to attract and retain the best talent. By putting in place production incentives on time bound basis and evaluating the Performance at each stage of work. Also recruitment is across almost all states of India which helps to mitigate this risk and we do not anticipate any major issue for the coming five years.
Competition Risk	Your Company is always exposed to competition Risk from Asian Countries like Sri Lanka, China, Taiwan, and other African Countries. The increase in competition can create pressure on margins, market share etc	By continuous efforts to enhance the brand image of the Company by focusing on R&D, quality, Cost, timely delivery and customer service. By introducing new product range commensurate with demands your Company plans to mitigate the risks so involved.

Key Risk	Impact to SPL Industries Limited	Mitigation Plans
Compliance Risk – Increasing regulatory requirements	Any default can attract penal provisions	By regularly monitoring and review of Changes in regulatory framework. By monitoring of compliance through legal compliance Management tools and regular internal audit by Vatts & Associate
Industrial Safety, Employee Health and Safety Risk	The Garmenting industry is labour intensive and are exposed to accidents, health and injury risk due to machinery breakdown, human negligence etc	By development and implementation of critical safety standards across the various departments of the factory, establishing training need identification at each level of employee.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorised, recorded and reported correctly. The internal control is exercised through documented policies, guidelines and procedures. It is supplemented by an extensive program of internal audits conducted by in house trained personnel. The audit observations and corrective action taken thereon are periodically reviewed by the audit committee to ensure effectiveness of the internal control system. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of persons. Apart from the above the Company has engaged M/s Vatts & Associate to conduct Internal Audit during the financial year 2015-16.

HUMAN RESOURCES/INDUSTRIAL RELATIONS

The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity: to contribute to developing and achieving individual excellence and departmental objectives and continuously improve performance to realize the full potential of our personnel. The Company is giving direct employment to 2145 employees. Industrial relations are cordial and satisfactory.

Disclosure of Particulars pursuant to Rule 8 of the Companies (Accounts) Rules 2014

A. CONSERVATION OF ENERGY:

i.) Steps taken for conservation of energy:

Your company continuously taking necessary steps to absorb and adopt the latest technology and innovation in the Garment Industry. These initiatives enable the facilities to become more efficient and productive as the company expands, thereby helps in energy conservation. All machinery and equipment are continuously serviced, updated and overhauled in order to maintain them in good condition. This resulted in consumption of lesser energy consumption. Energy Conservation continues to receive increased emphasis at all the units of the Company. Energy audits and Inter unit studies are carried out on a regular basis for taking steps for reduction of the energy consumption. Hence your company has not opted for alternate energy sources. Additionally, constant efforts in continuing all previous conservation measures and increasing awareness of energy management amongst employees have continued which should enable further savings to transpire going forward.

ii.) The steps taken by the Company for utilizing alternative source of energy:

Your company has taken steps for up gradation and modernization of various machines in phased manner. The Company also replaces old plant and machinery in the processing unit and steps are taken to modernization of various operations including installation of robotic machines for handling very specialized work/activities.

B. TECHNOLOGY ABSORPTION:

In addition to product and raw material development which continues to be strengthened, Research and Development activities on fashion designing are carried out on on-going basis. Absorbing technologies with state of art machineries like automated cutting machine, automated fabric inspection machines, etc., the quality of the products and efficiency of the systems have been substantially improved. By applying those technologies, the cost of production was under control. The nature of activities of the Company does not warrant any exclusive R&D department.

**INDEPENDENT AUDITOR'S REPORT****TO THE MEMBERS OF
SPL INDUSTRIES LIMITED****Report on the Financial Statements**

We have audited the accompanying financial statements of SPL INDUSTRIES LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016 and its profit and its cash flows for the year ended on that date.

SPL INDUSTRIES LTD.

Annexure – B to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of SPL INDUSTRIES LIMITED (“the Company”) as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2 Summary of Significant Accounting Policies

2.1 Basis Of Preparation Of Financial Statements

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The financial statements have been prepared to comply in all material respects with the notified accounting standard by Companies(Accounting Standards)Rules, 2006, (as amended) and the relevant provisions of Companies Act, 2013. The financial Statements have been prepared under the historical cost convention on an accrual basis Accounting policies not specifically referred to otherwise are consistent and are in consonance with generally accepted accounting principles.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non current classification of assets and liabilities.

2.2 Use Of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in India requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosures relating to contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and action, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods

2.3 Tangible Assets

Tangible Assets are stated at cost net of recoverable taxes and includes amounts added on revaluation, less accumulated depreciation and impairment loss, if any.Revaluation effect is taken by restating the net book value by adding therein the net increase on account of revaluation. All costs, including finance costs till commencement of commercial production, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the fixed asset are capitalised.

2.4 Intangible Assets

In accordance with the Accounting Standards (AS) 26 relating to intangible assets, all costs incurred on technical know-how / license fee relating to production process are charged to revenue in the year of incurrence. Costs incurred on technical know-how / license fee relating to process design / plants / facilities are capitalized at the time of capitalization of the said plant / facility and amortized on pro-rata basis over a period of five years. Computer software is capitalized on the date of installation and is amortized over a period of three years.

2.5 Depreciation

Depreciation on all plant and machinery is provided on Written Down Value Method and on other fixed assets is provided on the basis of Straight Line Method. Depreciation has been provided on the basis of useful life of the assets and the manner as prescribed in Schedule II of The Companies Act 2013. Following useful life were used for calculating depreciation amount as per Schedule II of The Companies Act 2013:

Particulars	(in Years)
Factory Building	30 Years
Plant & Machinery	15 Years
Electric Installation & Equipment	10 Years
General Laboratory Equipment	10 Years
Office Equipments	5 Years
Servers & Networks	6 Years
End User Devices (Computer)	3 Years
Furniture & Fixtures	10 Years
Motor Cycles	10 Years
Motor Buses	10 Years

2.6 Impairment Of Assets

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash

generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

2.7 Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried at lower of cost or fair value.

Long-term investments are carried at cost. Provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

2.8 Inventory

Inventories are valued at lower of cost or net realizable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overhead incurred in bringing them to their respective present location and condition. Cost of raw materials, process chemicals, stores and spares, packing material, trading and other products are determined on First in First out (FIFO) method. Scrap is valued at net realizable value.

2.9 Revenue Recognition

- i) Sales are recognised when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are net of trade discounts, rebates and sales taxes, etc.
- ii) Processing Charges are recognised at the time of dispatch of goods to the customers and are net of trade discounts, rebates and sales taxes, etc.
- iii) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- iv) Income from duty drawback are recognised on accrual basis and Income from other Export Incentives are recognised as and when accepted by the Government Authority.
- v) Dividend Income is recognised when right to receive is established.
- vi) Claim receivables are accounted for depending on the certainty of receipt and claims payable are accounted for at the time of acceptance.

2.10 Borrowing Cost:

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to Statement of Profit and Loss.

2.11 Foreign Currency Transactions

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of transaction. Monetary items denominated in foreign currencies outstanding at the year-end are translated at exchange rate applicable as of that date. Non-Monetary items denominated in foreign currency are valued at the exchange rate prevailing on the date of transaction. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

2.12 Current And Deferred Tax

Tax expense comprises of current tax and deferred tax. Current tax is determined in accordance with relevant tax rates and tax laws. Provision for current income tax is made after taking credit for allowances and exemptions. In case of matters under appeal, due to disallowance or otherwise, provision is made when the company accepts the said liabilities.

Deferred tax is recognised for all timing differences arising between taxable income and accounting income based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are carried forward to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets on carry forward of unabsorbed depreciation and tax losses are recognised only if there is virtual certainty that such deferred tax assets can be realised against future taxable profits.

As the company has substantial losses and this being the first year of company's normal operations and resultant profits. The certainty of absorption of carry forward losses and unabsorbed depreciation in future years can't be determined only on the basis of current year's operations. In view of facts stated above, the Deferred Tax Assets in respect of carry forward losses has been recognized only to the extent of Deferred Tax Liability.

2.13 Employee's Benefits

- i. Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which related service is rendered.
- ii. Eligible employees of the company are entitled to receive benefits under the Provident Fund scheme administered through provident fund commissioner and the company's contribution are charged to Statement of Profit and Loss.

**Notes on Financial Statements for the year ended 31st March, 2015**

- iii. Company's contribution to state plans namely Employees State Insurance Fund is charged to Statement of Profit and Loss every year.
- iv. Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation made by an independent actuary at the Balance Sheet date using projected unit credit method. The Gratuity Scheme is administered through LIC under its Group Gratuity Scheme. Contributions are paid to LIC in accordance with the demands received.
- v. Termination benefits are recognized as an expense immediately.
- vi. Gain or Loss arising out of actuarial evaluation is recognized immediately in the Statement of Profit and Loss as income or expense.

2.14 Value Added Tax (VAT)

VAT claimed on capital assets is credited to assets/capital work in progress account. VAT on purchase of raw materials and other materials are deducted from the cost of such materials.

2.15 Provision And Contingent Liabilities

Show cause notices issued by various government authorities are not considered as obligation. When the demand notice are raised against such show cause notice and are disputed by the company then these are classified as possible obligations.

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.16 Financial Derivative And Hedging Transaction

In respect of the Financial derivative contracts the premium / interest paid and profit / loss on settlement is charged to Statement of Profit & Loss . The contracts entered into are marked to market at year end and the resultant profit / loss is charged to Statement of Profit & Loss.

2.17 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents includes cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

2.18 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
